

TRAILER & CONSTRUCTION EQUIPMENT TRACKER

MAGNETIC SATX2040

The most recent numbers are staggering! According to multiple federal agencies, there were 111,782 thefts of heavy equipment alone recorded in 2014, the most recent year for which a complete summary of data was available.

The total value of these stolen items was close to a whopping \$300 million, with only a fraction ever being recovered by law enforcement officials. You've got enough to worry about in your life and business without having to constantly guard against unscrupulous individuals breaking in and stealing what you've worked so hard to build.

Quickly locate and recover your stolen equipment and never suffer a devastating loss again by purchasing these affordable devices from SATX Technologies.
